# LGBTQIA+ inclusion

Made for and by  
LGBTQIA+ people at Nowhere!

## What are we doing this year?

We want to make sure all LGBTQIA+ people feel safe and welcome at Nowhere.

We have two explicit queer barrios at Nowhere:

- EYAO (non-sexual)
- Peach Please (sex-positive)

But also in other barrios we try to focus on LGBTQIA+ inclusion.

We give extra attention to pronouns and try to educate people as much as possible to ask for pronouns and to not assume gender.

**1. Posters at the toilets about gender and pronouns**

**2. Pronoun stickers at Gate and NoInfo**

Do you have feedback for us on how we can make Nowhere more inclusive for you? Let us know!

Did you have a bad experience and do you want to report this to someone who is LGBTQIA+ and might understand you better?  
You can mail to our queer inclusion lead Bo: [bo@goingnowhere.org](mailto:bo@goingnowhere.org)

Are you interested to be part of the inclusion team to think, reflect and take action on all of this?  
Reach out, we would love to hear from you!
